VIDEO GAMES TO WIN FANTASTIC PRIZES?**

**REGISTER YOUR TEAM FOR THE 2017
AUSTRALIAN STEM VIDEO GAME CHALLENGE!**

Open to teams of Australian Students in Years 5-12, the Australian STEM Video Game Challenge encourages students to design and build an original video game in response to our core theme:

'REACTION!'

From the way we interact with each other, to complex scientific procedures, reactions are happening everywhere. We're looking for engaging, creative games that investigate the theme of 'REACTION!' Let your imagination run wild!

Let your imagination run wild!
